ReWa Board of Commissioners Announces Officers

Greenville, S.C. (July 31, 2009) - The Board of Commissioners at Renewable Water Resources (ReWa) announces the new annual Board officers. They are as follows:

- John Boyette, Chairman
- J.D. Martin, Vice-Chairman
- Gary Gilliam, Secretary/Treasurer

Chairman John V. Boyette, Jr., a Greer resident, was originally appointed to the Board in 2004. Boyette's experience in management and knowledge of wastewater facilities has made him an excellent addition to the Board of Commissioners. He received a bachelor's degree in civil engineering from Clemson University and has 36 years of experience designing manufacturing plants and their wastewater pretreatment facilities. He has also held board positions for the National Society of Professional Engineers, the Consulting Engineers of SC, and the Bank of America. He is currently the Real Estate Director for Clemson's International Automotive Research Center in Greenville.

J.D. Martin, a Greenville resident, is elected as Vice-Chairman after serving as Chairman in 2008. A Commissioner since 2001, Martin's experience in building and development has proven valuable to ReWa's Board. Martin has worked for over 25 years in land planning and development and in the home-building industry. Additionally, Martin's business, administrative and problem-solving skills will continue to be an asset to ReWa's Board. Martin is currently the CEO of Arbor Engineering, Inc. and received a bachelor's degree in biology from the University of South Carolina and a master's degree and Ph.D. from Clemson University.

Gary Gilliam, a Greenville native, continues to serve as the Secretary/Treasurer of the Board. He was originally appointed to ReWa's Board of Commissioners in 2007 by Governor Mark Sanford. Gilliam attended Clemson University and has a background in accounting and finance.

ReWa would like to thank all three of its officers for their service on the Board.

Renewable Water Resources (ReWa)

ReWa's goal is to promote a cleaner environment, and to protect the public health and water quality of the Upstate waterways, while providing and developing the necessary sewer infrastructure for the growing economy. ReWa serves more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg, Pickens and Laurens Counties.
