Western Carolina Presents the Winners of the 5th Annual Freshwater Freddie Golf Tournament and United Way Fundraiser

Western Carolina Regional Sewer Authority (WCRSA) hosted the 5th annual Freshwater Freddie Golf Tournament at the Southern Oaks Golf Course in Easley. Over 80 participants competed in this tournament to raise \$2,240 for the United Way. The first place team, which included Chuck Heitz of The Scooter Store, Heyward Bradley of Davis Electrical, Bruce Evans of Kemet Electronics, and Keith Coleman of WCRSA, was presented with the Freshwater Freddie 5th Annual Golf Tournament plaque. Prizes, donated by local companies and several individuals throughout the Greenville community, were also given to the participants of the tournament.

The Freshwater Freddie Golf Tournament was named after the WCRSA mascot, who was introduced to the Greenville area in 2001 during the "Name That Frog" contest. A first grade class from Hollis Academy submitted the winning entry of "Freshwater Freddie". WCRSA adopted a frog as its public education mascot to emphasize the importance of protecting Greenville's freshwater resources. For more information about the 5th Annual WCRSA Freshwater Freddie Golf Tournament, visit our web site at WWW.WCRSA.ORG.
