**Renewable Water Resources Wins Facility Excellence Awards**

Greenville, S.C. (September 28, 2009) – Renewable Water Resources (ReWa) is proud to recognize eight treatment plants-Durbin Creek, Mauldin Road, Pelham, Georges Creek, Lower Reedy, Gilder Creek, Grove Creek and Marietta-for winning the South Carolina Department of Health and Environmental Control’s Facility Excellence Award.

The Facility Excellence Award is given based on criteria including budget, treatment process, innovative progress or solutions, public education, preventative maintenance and others. This year, ReWa went above and beyond with community outreach programs, a Biosolids program, the Annual River Sweep, the FOG (Fats, Oils and Grease) Campaign, and employee involvement.

**Renewable Water Resources (ReWa)**

ReWa’s goal is to promote a cleaner environment, and to protect the public health and water quality of the Upstate waterways, while providing and developing the necessary sewer infrastructure for the growing economy. ReWa serves more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg, Pickens and Laurens Counties.
