**Renewable Water Resources (ReWa) Distributes Annual Report to the Community**

Greenville, S.C. (January 13, 2008) - As part of ongoing public education efforts, Renewable Water Resources (ReWa) will distribute its 2008 Annual Report to the Community. The insert will be published in area newspapers during the month of January. ReWa's Annual Report provides information on the organization, its financial status, and its achievements for 2007.

This year's Annual Report highlights ReWa's environmental stewardship efforts, including its new sustainable Administration building, with which ReWa is pursuing LEED certification. Also included in the report are updates of the capital improvements plan and the award-winning achievements of ReWa.

For more information or to view an electronic version of the report, visit [www.ReWaOnline.org](http://www.ReWaOnline.org).

**Renewable Water Resources (ReWa)**

ReWa's goal is to promote a cleaner environment, and to protect the public health and water quality of the Upstate waterways, while providing and developing the necessary sewer infrastructure for the growing economy. ReWa serves more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg, Pickens and Laurens Counties.
