## **Renewable Water Resources Wins 2<sup>nd</sup> Place in State Operations Competition**

Greenville, SC (June 16, 2010) – Renewable Water Resources (ReWa) proudly announces that its operations team won second place in the Water Environment Association of South Carolina's (WEASC) 23<sup>rd</sup> annual Operations Challenge competition. The event was held at the 2010 South Carolina Environmental Conference (SCEC).

The Operations Challenge is an annual competition, which takes place across the country at the state-level WEF conferences. The event encourages wastewater treatment workers to compete in five events

to test their operations skills and abilities. The participating teams compete in process control, laboratory, pump repair, safety, and collection events.

Members of ReWa's team include team coach Toby Humphries, TV & Clean Supervisor; Russ Moore, Foreman Operations at the Mauldin Road Plant; Kevin Fowler, Collection System I & I Technician; and Cain Massey, Collection System.

### **Renewable Water Resources (ReWa)**

ReWa's goal is to promote a cleaner environment, and to protect the public health and water quality of the Upstate waterways, while providing and developing the necessary sewer infrastructure for the growing economy. ReWa serves more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg, Pickens and Laurens Counties.
