SCDHEC Recognizes ReWa's Facilities for Operations & Education Excellence

Greenville, S.C. (April 27, 2011) – Renewable Water Resources (ReWa) is proud to announce that all of its plants won the South Carolina Department of Health & Environmental Control (SCDHEC)'s Facility Excellence Awards.

- Durbin Creek, Johnny McCall
- Georges Creek, Chris Elliott
- Gilder Creek, David Collyer
- Grove Creek, Ruth Graham
- Lower Reedy, David Skyles
- Marietta, Dargan Evans
- Mauldin Road, Russ Moore & Fred Nesbitt
- Piedmont, Ruth Graham

The Facility Excellence Award is given based on criteria including budget, treatment process, innovative progress or solutions, public education, preventative maintenance and others. This year, ReWa went above and beyond with community outreach programs, a Biosolids program, the Annual River Sweep, the FOG (Fats, Oils and Grease) Campaign, Project Rx: A River Remedy, facility tours and employee involvement.

Renewable Water Resources (ReWa)

ReWa's goal is to promote a cleaner environment, and to protect the public health and water quality of the Upstate waterways, while providing and developing the necessary sewer infrastructure for the growing economy. ReWa serves more than 400,000 industrial, commercial and residential customers in Greenville County and parts of Anderson, Spartanburg, Pickens and Laurens Counties.
